NEWS RELEASE
CITY OF MANSFIELD

Jodie A. Perry, Mayor

For Immediate Release

Date: 11/18/2026
Contact: Ken McKee / City of Mansfield Water Repair

Subject: Boil advisory issued

Mansfield, OH-- Due to a water main repair, it will be necessary to issue a boil advisory for the following address(es):

Johns Avenue from Harker Street to Bulkley Avenue.
Bulkley Avenue from Johns Avenue to Stocking Avenue.
Woodland Avenue from Bulkley Avenue to Harker Street.
Chester Avenue from Johns Avenue to Woodland Avenue.

Under a boil advisory it is suggested that all consumed water be brought to a rolling boil for a full 3 minutes prior to consumption. This is a precautionary measure to be taken until samples can be tested to confirm water purity. A notice will be issued at the completion of the test.
As a standard practice the USEPA recommends the following actions to reduce possible lead exposure in drinking water:
• If water has not been used for several hours, run the tap until there is a noticeable **temperature drop. Then, run water for 30 seconds to 3 minutes before using it for drinking and cooking.** This helps flush water that may have contained lead that may have leached from plumbing. **Use cold water for cooking, drinking, and preparing baby formula**. Boiling the water will not reduce lead.**• Clean your faucet aerator regularly.**
For additional information visit drinktap.org or www.epa.gov/safewater/lead.
Any questions concerning this notice may be directed to the Water Repair Dept. during normal business hours Monday thru Friday 7:00am to 3:30pm at 419-755-9806.
